The Priory Hospital Cheadle Royal

Set within landscaped gardens, the safe and supportive environment of the Priory Hospital Cheadle Royal offers a comprehensive inpatient, specialist mental health service for young people and adults. The service is dedicated to providing innovative, high quality care and treatment for service users with challenging and complex needs, in order to enable their recovery and re-engagement with the community. All services are delivered in partnership with the NHS and structured cost frameworks are provided for commissioners and referring healthcare professionals. Funding approval must be in place before admission.

**Adult Services:**

**Male psychiatric intensive care unit**
- Suitable for males aged over 18 detained under the Mental Health Act (1983) including Section 136, presenting significant risk to themselves and others and who may have a risk of absconding
- We accept referrals from other PICUs, police cells, prisons, A&E and other mental health settings
- Our model of care is designed to meet the needs of men with behaviours that challenge who may present with violence, and so require a safe and therapeutic environment to manage their level of risk and start the recovery process

**Female psychiatric intensive care unit**
- Suitable for females aged over 18 detained under the Mental Health Act (1983), presenting significant risk to themselves and others and who may have a risk of absconding
- We accept referrals from other PICUs, police cells, prisons, A&E and other mental health settings
- Our model of care is designed to meet the needs of women who are in acute crisis and require a safe and therapeutic environment to manage their level of risk and start the recovery process
- Perinatal psychiatry offered with excellent links to local maternity services

Continued overleaf...
Specialist inpatient acute mental health service:
- Male and female service users aged 18 or over
- Admitted informally or formally under the Mental Health Act (1983) including sections 2, 3 and 4 but excluding section 36
- Service users suffering with acute psychiatric, psychological and mental health related issues including dual diagnosis
- The service aims to stabilise mental health, reduce behaviours that challenge and, working closely with referring teams, enable transition back to life outside the hospital environment or to other care environments as part of the care pathway
- Acceptance of referrals and admissions 24 hours a day, seven days a week
- To make a referral by fax please use our direct fax line on 0161 495 4914

Psychiatric intensive care unit for young people
- Suitable for males and females aged 12 to 18 detained under the Mental Health Act (1983) with a forensic history who may have a risk of absconding
- Out of hours rapid admission for emergency and urgent assessment seven days a week
- Specialist therapy and interventions provided in a safe and contained environment
- The team are skilled in engaging and working therapeutically with the young person aiming to progress them to a less restrictive setting at the earliest opportunity

Acute mental health service for young people
- Suitable for males and females aged 12 to 18 admitted informally or formally under the Mental Health Act (1983) with a range of mental health presentations
- Out of hours rapid admission for emergency and urgent assessment seven days a week
- Specialist therapy programmes provided including psychology and family therapy

Unique low secure unit for young women
- Suitable for young women aged 13 to 18 who present significant risk to themselves or others associated with past trauma who are therefore eligible for detention under Section 3 of the Mental Health Act
- Specialist therapy and interventions are provided in a safe, rehabilitative and therapeutic environment with the view to achieving a smooth transition back to a community based setting
- Individuals may demonstrate features of emergent personality or attachment disorder and a history of severe self harming

The Priory Hospital Cheadle Royal also offers specialist eating disorder services for adults and open intensive rehabilitation for patients with complex presentations and behaviours that challenge.
