

The Priory Hospital Roehampton

24/7 NHS ACUTE Service

PRIORY
HEALTHCARE

The Priory Hospital Roehampton in West London specialises in the management and treatment of all major acute mental health conditions for women with a range of diagnoses and needs, with emergency placement support 24 hours a day, 7 days a week.

The East Wing at Roehampton is a 12 bedded, all female, acute adult ward with a mix of both detained and informal patients. We offer seamless access into higher or lower acuity treatment and flexible treatment plans reflecting individual needs.

Our outcomes

- 81% of discharges show an improvement in HoNoS
- For those returning home at discharge, the average improvement in HoNoS score is 6.9
- There is an average length of stay of 16.1 days for those returning home at discharge

Service overview

- Rapid assessments and frequent patient reviews
- Immediate discharge planning, supported by an experienced social worker
- Discharge barriers addressed upon admission
- Well attended and comprehensive day programmes
- Minimised use of continuous nursing observation whilst maintaining a safe environment
- A dedicated onsite Consultant with expert clinical knowledge
- A ward GP trainee to address all physical health care needs of our patients
- En-suite rooms each with a television
- An attractive dining room, two lounges and a therapy room
- Large, tranquil gardens and a gym

A REAL AND LASTING DIFFERENCE FOR EVERYONE WE SUPPORT

Discharge planning

The Priory Hospital Roehampton works closely with referring Trusts to achieve minimum lengths of stay, and are able to provide an extension to NHS care pathways during times of fluctuating demand. We work collaboratively with discharge teams to ensure a smooth transition back into existing community services, or to an individual's home where possible.

We recognise that service user involvement is a powerful tool when continuously trying to improve a service, and many initiatives have emerged from our service user engagement activity.

“ The holistic approach to recovery and pleasant surroundings is very progressive in comparison to the conditions I have experienced in other hospitals. ”

“ I wanted to say, and this is no exaggeration, the week I spent with you was the second best of my life... that week did more to help with my mental health problems than any drug. ”
