Finding your way to Priory Clinic Canterbury

Priory Clinic Canterbury is conveniently situated on the A28 ring road around Canterbury city centre, and can be found on the north east side of the city walls. The wellbeing centre is on the main road, next to the Archaeological Trust, and has two blue double doors.

It can be easily reached by car or public transport. Canterbury has two train stations, Canterbury East and Canterbury West, Canterbury East being the closest to the clinic.

Parking is available in local car parks. There is a public open car park on the main road called the Quenningate Car Park (CT1 2HJ) at the far end of the city wall, opposite Lady Wootton's Green. The exit of this car park is approximately 50m from the clinic. Canterbury is also served by three 'park and ride' facilities, all of which head into the centre of Canterbury.

These can be found at the following destinations in Canterbury:

+ Old Dover Road if travelling in from Dover and surrounding areas
+ Wincheap if travelling in from Ashford and surrounding areas
+ Sturry Road if travelling in from Herne Bay and surrounding areas

Priory Clinic Canterbury
