

Priory Hospital North London

Our private treatment programmes are tailored for each patient, ensuring the best possible outcomes. Our outpatient, inpatient and day care patients are provided with every resource they need to make a strong recovery and return to a more positive life. We get to know each member of our team and our patients on a personal and meaningful level, which allows us to assign the most appropriate specialist to each individual according to their unique requirements, and deliver personalised treatment.

Location and environment

Located in Southgate, Priory Hospital North London is set within a striking Grade I listed building overlooking beautiful parklands. It is one of the UK's leading centres for the treatment of a wide range of mental health difficulties such as depression, anxiety and addictions. Our location offers:

- + Single-occupancy bedrooms, each with modern en-suite facilities
- + Relaxing living areas
- + Beautiful gardens
- + Peace and tranquillity with a nearby lake and park for a place to unwind
- + A restaurant with catering to suit your dietary needs (including Kosher and Halal options)
- + Easy access from the M25 and A406, London's major airports and from Central London via Southgate tube station (Piccadilly line zone 4)

Treatments

Our specialist team includes psychiatrists, therapists and a large number of psychologists (counselling, clinical and consultant) who offer support across all areas of general psychiatry. We provide an evidence-based programme that is tailored to individual needs, all structured within NICE guidelines.

- + Support for anxiety, stress and depression
- + Specialist obsessive compulsive disorder (OCD), body dysmorphic disorder (BDD) and related disorders unit
- + Renowned addictions treatment department
- + Specialist youth-orientated inpatient, day care and outpatient services for young people
- + Specialist services include schema therapy, eye movement desensitisation and reprocessing (EMDR), trauma programme and dialectical behaviour therapy (DBT)
- + Individual and group therapy including psychodrama therapy
- + Broad variety of clinical approaches including cognitive behavioural therapy (CBT), integrative counselling, psychodynamic counselling, interpersonal therapy, acceptance and commitment therapy (ACT), mindfulness based therapy (MBT) and compassionate focused therapy
- + Consultations and therapy can be provided remotely through digital platforms

Patient profile

- + We provide services for both adults and young people (12 - 18 years)
- + As a medical teaching hospital we are ideal for treating patients with complex disorders including: trauma, post-traumatic stress disorder (PTSD) and those who might not have responded to previous treatments
- + Support for patients suffering with personality disorder and emotional dysregulation

Patient support

- + Equine therapy and childhood re-parent trauma week programme is offered to addictions patients for ongoing recovery
- + Family involvement for addictions patients every Saturday
- + Family therapy offered on a needs basis for our general psychiatry programme
- + We involve the families of young people in their care and treatment programmes
- + Day care programme for addictions and general psychiatric conditions such as anxiety, depression and stress
- + Free aftercare for addictions patients and their family for a year after discharge
- + AA group offered on site

Wellbeing activities

- + Yoga classes
- + Music therapy
- + Art therapy for both adults and young people
- + A games room with ping pong, futsal, piano and board games
- + Movie nights
- + Walks in the gardens
- + Singing group, sleep hygiene, keeping active group
