Priory Hospital
Bristol
Expert mental health
and addiction treatment
Priory is the country’s leading provider of therapy and consultant-led mental health treatments.

Every year we help over 10,000 people experiencing common mental health issues. We have wellbeing centres and hospitals across the UK, providing tailored programmes for individuals and families, to help work through a wide range of mental health and addiction problems.

Our personalised programmes of care deliver the excellent results you would expect from Priory, with over 94% of patients rating the quality of care as good or excellent*.

“"The therapist I saw was excellent, she really helped me ‘dig deep’ to analyse instances and thoughts instead of just glossing over situations. I felt really listened to, and the advice and guidance given has left me feeling more in control and empowered."

FORMER PATIENT AT PRIORY HOSPITAL BRISTOL
Priory Hospital Bristol is a leading UK centre of support for individuals, couples and families facing a wide range of challenges. Our team of psychiatrists and therapists provide recovery-focused therapies and evidence-based treatments in a calming therapeutic environment. The hospital is located in a secluded area of Bristol with great transport links. The peaceful site setting and experienced staff combine to create the perfect conditions for effective treatment, delivering positive outcomes.

Working with patients and families in group and one-to-one sessions, our team provides a wide range of specialist support to patients and their families. All our therapy programmes are tailored to each person’s specific needs to provide the highest standard of treatment to those facing the greatest challenges.

Our highly experienced team of specialist psychiatrists, psychologists, therapists, nurses and other mental health professionals at Priory Hospital Bristol provides:

+ A confidential, patient-centred and recovery-focused approach to treatment
+ An experienced team of leading consultants and therapists working with patients on a 1:1 basis
+ High staffing levels 24-hours a day, delivering a safe, easy-to-access, therapeutic environment
+ A multidisciplinary team working closely together to provide excellent care

“ ”

I will forever be grateful to you all, as you believed in me and assisted me through the most challenging times ever.

FORMER OUTPATIENT AT BRISTOL
Our programmes

- Personalised and recovery-focused inpatient and day care treatment programmes for a broad range of general acute mental health conditions including stress, depression, anxiety, obsessive compulsive disorder (OCD) and post-traumatic stress disorder (PTSD), as well as specialist old age psychiatry

- A specialist inpatient and day care Addiction Treatment Programme, including group therapy such as relapse prevention, integration with the 12-Step Programme, family support and aftercare

- Bespoke and specialised therapy programmes, including eye movement desensitisation and reprocessing (EMDR), psychoeducational workshops and assertiveness in one-to-one or group-based sessions

- Animal assisted therapy which aims to improve social, emotional and cognitive functioning

- Clinical hypnotherapy, which is therapy conducted in a state of hypnosis (an altered state of mind), helping those who are tied to a goal they already know they want to achieve. This can help both psychological and addictive conditions

Our comprehensive treatment programmes ensure patients have access to every resource they need to make a strong recovery, returning to a positive and productive life.
We provide evidence-based treatment for a wide variety of psychiatric conditions including:

- Depression
- Anxiety
- Stress
- Obsessive compulsive disorder (OCD)
- Post-traumatic stress disorder (PTSD)
- Specialist old age psychiatry

Our mental health treatment empowers you to tackle your symptoms, address the underlying causes and triggers for your problems, and return to a happy and enjoyable life.

The Holbrook Ward, our 10-bedded mixed gender, inpatient service is a newly refurbished unit which is able to treat our more acutely unwell patients.

**Supporting wellbeing**

We also offer activities to help support your wellbeing, these include:

- Yoga classes
- Meditation
- Mindfulness
- Community-based trips
- Social exposure groups
Addiction Treatment Programme

Our addiction services, provides support for those experiencing issues such as substance use and addiction behavioural problems. We provide an evidence-based programme that is tailored to individual needs, all structured within NICE guidelines.

Our addiction programme includes:

- 1:1 therapy
- Group therapy
- Family involvement
- Free aftercare (for 12 months on completion of the full programme)
- Medically assisted detoxification (detox) on our residential treatment

Our day care addiction service involves a four-week programme of treatment and we now provide a full inpatient addiction service within the Holbrook Ward. This 10-bedded, mixed gender unit provides a robust care pathway that is unique in the South West of the UK.

Group therapy
Engaging with others through group therapy, as part of addiction treatment, is empowering and promotes self-learning. Sessions and workshops include:

- Relapse prevention
- Self-esteem
- Motivations and repercussions
- Managing emotions
- Integration with 12-Step Fellowship meetings

One-to-one therapy
One-to-one therapy is available on request; patients may request individual sessions themselves or therapists may recognise the need for additional sessions.

Family involvement
Loved ones are invited to attend family group sessions, held one afternoon each week. We believe involving families and significant others in your recovery is fundamental for long-term recovery, and is often a platform on which to begin to rebuild family relationships, which often break down as a result of addictive behaviour patterns.

Aftercare
Aftercare is available for 12 months upon completion of a programme (this can be extended beyond 12 months if you feel it beneficial to continue).

94% of acute and addictions patients were satisfied with the overall quality of care*
Fees and funding

We are an approved provider for all the UK's leading private medical insurers. Most outpatient therapy services are covered as standard by the majority of insurers, meaning that you may be able to access treatment at no additional cost. We also provide self-pay options for individuals and families, and corporate arrangements for businesses.

While we would prefer to receive a GP referral when a patient enters our services, this isn’t always essential. For those using private medical insurance, your provider may require you to have one.

92% of patients at Bristol experienced an improvement in their level of anxiety

Information for GPs and healthcare professionals

We offer simple and secure processes for referring into Priory, including:

1. Our online form via www.priorygroup.com/gp-referral
2. Emailing securely to priory.referral@nhs.net
3. Calling 0800 090 1354

Practices are also able to make referrals to Priory through their own systems including EMIS Web and SystmOne. Your regional Priory Placement Specialist can support with any queries, including integrating your practice systems.

Referral process overview

1. Choose your preferred referral process – please include the patient’s contact details, along with information on circumstances and medical history
2. A unique reference number is generated for each enquiry
3. Our 24/7 support team will co-ordinate the referral with the most appropriate Priory location, who will contact the patient and check appointment availability with the most appropriate Priory specialist
