

The Priory Oak Vale Gardens, Liverpool

Through our services at The Priory Oak Vale Gardens we provide specialist rehabilitation care for people with Acquired Brain Injury (ABI) and complex health and social care needs. The programmes offered at The Priory Oak Vale Gardens are tailored and developed specifically to cater for our patients' individual needs. The Priory Oak Vale Gardens is part of the Cheshire and Merseyside Rehabilitation Network.

Our highly skilled team of treatment providers are specifically skilled in working with people who require neurorehabilitation to regain skill, maximise independence and improve quality of life as well as providing long term nursing care for people with complex physical conditions or progressive neurological conditions.

The team

The multidisciplinary team comprises:

- Neuropsychologists
- Occupational therapists
- Physiotherapists
- Speech and language therapists
- Qualified nurses
- Therapy assistants
- Support workers

Our team gain medical input from rehabilitation consultants at the nearby Walton Centre.

Referrals and admissions

The following criteria details who will benefit from active rehabilitation at The Priory Oak Vale Gardens:

- Men and women 18 + years
- Those who will benefit from specialist neurorehabilitation
- Patients who are medically stable but are often clinically dependent
- Those who require care following a stroke
- Individuals who require care following an acquired brain injury

There are 18 beds split across 2 self-sufficient units:

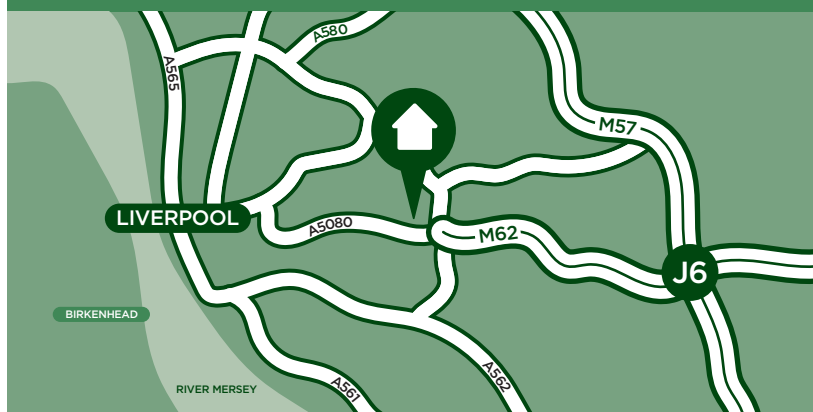

- Stephenson
- Unwin

The units are designed with the needs of the individual in mind. Patients at The Priory Oak Vale Gardens may require extended rehabilitation to meet their physical, cognitive, behavioural and emotional needs, to support a planned return to community living.

Our location

The Priory Oak Vale Gardens is a purpose-built welcoming place which offers accommodation in easily-accessed grounds with car parking facilities, close to local transport links and motorway networks.
