Supporting the Transforming Care Agenda

Our locations guide
Priory Group's specialist services

Priory Healthcare and Priory Adult Care are working cohesively to support the Transforming Care Agenda in its commitment to improving health and care services. By offering the right support, we can enable more people to live in the community and closer to home.

Priory Healthcare and Priory Adult Care are part of the Priory Group - the leading independent provider of behavioural care in the UK. Our purpose is to make a real and lasting difference for everyone we support.

Specialist rehabilitation and recovery hospitals

It is widely accepted that a number of patients leaving Medium or Low Secure hospital services may require a rehabilitation healthcare provision before they are ready to step down into a community placement. From our experience and owing to the specialist nature of the National Specialist Services we provide, Priory Healthcare is in a strong position to support Transforming Care through the provision of step-down services, which would be a safer journey for those patients who require a steadier transition period.

Priory Healthcare has the necessary clinical expertise and geographical scope to deliver the appropriate support:

- Our step-down hospitals provide active rehabilitation in a safe environment that manage risk, promote self-confidence and work to build independent living skills
- Activities of daily living (ADL) is promoted at each of these hospitals, where individuals are supported within a framework of clinical expertise, under the care of a multidisciplinary team and a full therapeutic programme
- We recognise that no individual is the same, and are able to provide bespoke packages of care appropriate to individual requirements
- Priory Healthcare is committed to working closely with Priory Adult Care, along with other Providers of Community Services, to actively promote safe and appropriate discharges into community settings where appropriate

Specialist residential and supported living services

Priory Adult Care provides intensive community support within registered care environments, which are safe and homely. We support people who use our services to learn new skills and be more independent, in preparation for moving into their own tenancy.

The services that we can offer include:

- A range of specialist residential accommodation including individualised flats, each with their own ADL kitchens
- Supported living services are available across the UK
- Spacious communal areas and well-maintained gardens that are safe and private
- Staff teams with significant expertise in supporting people with complex needs, including dedicated positive behaviour support (PBS) specialists
- A range of daily activities, with an emphasis on developing life and community skills
- Access to education and supported employment opportunities
- Locations across the UK, with access to the wider community and close to amenities. A selection of our services are also situated in rural settings
Supporting the Transforming Care Agenda

Our locations across the UK
Priory Healthcare’s specialist rehabilitation and recovery services

01 AVALON
13 Kyveilog Street, Pontcanna, Cardiff, CF11 9JA

- Rehabilitation and recovery and step-down service for males and females with learning disabilities and/or mental health challenges
- Focus on short and long-term rehabilitation whilst facilitating independence and dignity
- All patients are involved in designing their own person-centred care plan
- Set over 3 floors, all bedrooms are spacious, well-furnished and individually personalised
- The home is located near to central Cardiff and is easily accessible from local major towns and cities

02 BEECHLEY DRIVE
4/6 Beechley Drive, Pentrebane, Cardiff, CF5 3SF

- Rehabilitation and recovery and step-down service for males and females with learning disabilities and mental health challenges
- Located in Fairwater, just outside of Cardiff, the home is ideally located for easy access
- Focus on developing personalised, recovery-focused treatment programmes and care pathways
- Offers a mix of en-suite and bedroom-only accommodation with staff on site 24 hours a day
- The home strives to stabilise mental health, reduce behaviours that challenge and develop daily living skills

03 CHURCH VILLAGE
Church Road, Tonteg, Nr Pontypridd, CF38 1HE

- Rehabilitation and recovery and step-down service for adult females with a mild to moderate learning disability
- Situated near Pontypridd, South Wales, we are in an ideal location for providing a safe and welcoming environment
- Made up of 10 en-suite bedrooms along with a self-contained, two-bedroom bungalow
- Various activities in the local community, as well as educational or work programmes are provided
- Patients are supported to co-design their individual therapeutic programme

04 HAYES GROVE
Prestons Road, Hayes, Bromley, BR2 7AS

- The Keston Unit provides rehabilitation for males and females in need of autism-specific care
- Made up of 9 en-suite bedrooms and is embedded alongside broader services at Hayes Grove
- Facilities include communal dining areas, recreation areas, gardens and an occupational therapy room
- Focus on allowing patients to live as independently as possible, in a community setting
- Led by an expert team who specialise in managing and treating complex presentations of co-occurring psychiatric disorders

SUPPORTED LIVING SERVICES ACROSS THE UK

Alongside specialist residential accommodation, Priory Adult Care works with a number of Registered Social Landlords to provide a range of supported living services across the UK. Our aim is for adults with a range of complex needs to live the lives they want, within their own homes.

We currently offer supported living services in the following regions and will continue to develop new bespoke services throughout 2019 to enable people to live in their own homes, with their own tenancies.

To make a referral, please call 0808 163 6516 or email prioryenquiries@nhs.net
We currently have vacancies available across the UK for adults with complex needs. Our Transforming Care services support people stepping down from a secure hospital setting or leaving a hospital environment, who require a specialist residential service or rehabilitation hospital placement. We also offer bespoke supported living solutions and services for younger individuals leaving specialist education, and taking the next steps into adulthood.

If you would like to make a referral or arrange a visit to see our facilities, please contact us today.
