

# Eating Disorder Services

Priory is the UK's largest independent provider of Eating Disorder Services, which includes treatment for conditions such as anorexia, bulimia and atypical eating disorders.

We have a national offering of both inpatient and day care provisions at selected locations. Our care and treatment address both the physical consequences of the eating disorder, as well as the related underlying psychological and social factors.

## Service overview

- Strong leadership from consultants experienced in managing complex patients with eating disorders
- Comprehensive multidisciplinary teams with expertise in treating eating disorders
- Participation in national clinical quality forums in order to keep services at the forefront of emerging treatment in eating disorders
- Safe and supportive environments
- Service line network leading on quality in service delivery and training
- Provision of evidence-based treatments
- Access to a wide range of therapeutic interventions
- Treatment tailored to individual needs
- Close working relationships with local community teams

## Our outcomes

We work hard to involve patients in their care and aim to provide supportive services which make a positive difference to their behaviours and future lives. We are delighted that the vast majority of our patients speak positively about their experience with Priory:

- **96%** of patients said that if a friend or family member needed similar care or treatment, they would recommend this service
- **92%** overall patient satisfaction with the quality of care
- **92%** of patients said the clinical staff have the right skills to support them

(Quality accounts 2018-19)

Our comprehensive multidisciplinary teams provide evidence-based treatment programmes across a range of eating disorders. Our treatment plans are tailored to the needs of each individual and aim to take into account mental, physical, educational and spiritual needs.

We are regularly reviewed by the Care Quality Commission (CQC), ensuring that we meet national standards for quality of care.
