Priory provides comprehensive Secure Services for people with complex mental health needs. We model our service provision on the NHS Secure Service specification for Medium and Low Secure Services, ensuring our patients are given the highest quality of care to enable quick and smooth transitions into local services wherever possible.

Within Priory’s Secure Services, we deliver clinically effective, evidence-based treatment programmes for individuals who require secure care, providing both psychological and physical security.

Service overview

- Individualised and flexible care pathways
- Experienced and expert multidisciplinary teams
- Rapid access to the highest quality of care
- Recovery-focused approach for a wide range of mental health needs

Areas of expertise include dealing with:

- Challenging behaviours
- Complex needs
- Severe and enduring mental health
- Learning disabilities
- Personality disorders
- Autistic spectrum disorders (ASDs)

Our approach

Our patients are at the heart of everything we do. Together, we strive for clinical excellence, innovation and continuous improvement.

Our care pathways are categorised under:

- Medium Secure Services
- Low Secure Services

We recognise the importance of an individual pathway, designed to provide a safe but supportive and structured environment. Our experienced multidisciplinary teams work collaboratively with individuals and commissioners to ensure that every patient receives rapid access to the highest quality of care, when they need it most.
Our comprehensive multidisciplinary teams provide evidence-based treatment programmes across a range of conditions. Our treatment plans are tailored to the needs of each individual and aim to take into account mental, physical, educational and spiritual needs.

We are regularly reviewed by the Care Quality Commission (CQC), ensuring that we meet national standards for quality of care.

Our locations

Key:

- Medium Secure
- Low Secure
