

WHAT IS THE RECOVERY COLLEGE?

The Recovery College is a programme of individual modules that gives you the opportunity to choose what activities you would like to undertake to help facilitate your recovery and rehabilitation.

Each module is a programme of learning opportunities and activities that can help you to understand and manage your mental health, develop your life and employment skills or help you to develop/improve on hobbies and leisure activities.

We are committed to our learners and always try to ensure that we include equality and diversity so that everyone can play a part in their recovery.

Central to learning is working with people who have lived experience when developing and running courses.

If you would like to co-produce and/or co-facilitate recovery college courses or workshops, please ask one of your wards staff to refer you to Andrew Bishop who will arrange a meeting to discuss your plans with you.

If after the discussion we plan to run your course or workshop, you will be given plenty of help and support to produce and run it.
