

Priory Hospital Bristol

Addiction Treatment Programme

Take the first step to recovery

A real and lasting difference for everyone we support

Priory Hospital Bristol believes that anyone who is struggling with addictive behaviours deserves the best possible support to make a strong and lasting recovery.

Our aim is to offer guidance and support, in a healing environment, to each and every individual who seeks help with us. We provide the most clinically effective treatment to help you to get your life back on track.

If you are suffering from an addiction, it is important to recognise that you are not alone; our personalised treatment programme is led by world renowned experts in their field and the team is experienced in supporting patients from many walks of life, offering hope and reassurance to all.

We provide an evidence-based programme that is tailored to individual needs, all structured within NICE guidelines.

Located within a secluded area of Bristol, Priory Hospital Bristol offers a tranquil setting, within a beautiful Grade II listed building and expansive, private grounds.

Are addictive behaviours impacting on you or a loved one's life?

- + Are you concerned that you or someone that you know may be displaying addictive behaviours?

- + Are they negatively affecting your relationships?

- + Do you find it hard to predict the consequences of your addictive behaviours?

- + Have you tried to stop or control these behaviours but have not succeeded?

- + Have you missed work or appointments as a result of your addictive behaviours?

- + Are your addictive behaviours costing you more than just money?

- + Are you unhappy?

“ ”

We want to provide our patients with all the tools necessary to be successful post discharge

REGISTERED MANAGER OF
HOLBROOK WARD

A free, no-obligation assessment

If you have answered 'yes' to any of the questions, we can help. Our free, no-obligation addiction assessment provides an opportunity to:

- + Discuss your concerns and the impact that they are having on your life

- + Gain an understanding of the background to your addictive behaviour

- + Talk through a proposed treatment plan

- + Ask any questions that you may have about the treatment programmes

- + Take a look around our hospital and meet our expert team

The free assessment will take place at a time that is most convenient for you and will be a face-to-face discussion with a member of the addictions treatment team. This will help to put your mind at ease and ensure that you fully understand the journey that you will be taking towards a happier life.

Our approach

Our structured patient-centred treatment programme is developed by leading psychiatrists, psychologists, mental health nurses and therapists.

At Priory Hospital Bristol, we understand that taking the first step in seeking help can be extremely daunting, but our team's depth of knowledge and experience ensures that you are in the best hands.

The programme is run by qualified, accredited and very experienced therapists. Also, some groups, such as in-house narcotics anonymous (NA) meetings and our Saturday reading group, are often peer-led by former patients.

You will be part of the decision-making process throughout your programme, and we take a holistic approach, utilising all of the specialists and treatment options available, in order to reach the best possible outcome.

Community meetings

The Holbrook Ward holds a community meeting every week. All are invited and encouraged to attend.

We recognise that living here, however brief, can be an upsetting and stressful time and there may be issues about the environment you wish to discuss. This is an ideal opportunity to have 'your say'.

“ ”

I believe we try our best to help these patients who are going through very difficult times

The addiction treatment programme

Our addiction services, provides support for those experiencing issues such as substance use and addiction behavioural problems. We provide an evidence-based programme that is tailored to individual needs, all structured within NICE guidelines.

Our addiction programme includes:

- + 1:1 therapy

- + Group therapy

- + Family involvement

- + Free aftercare (for 12 months on completion of the full programme)

- + Medically assisted detoxification (detox) on our residential treatment

Our day care addiction service involves a four-week programme of treatment and we now provide a full inpatient addiction service within the Holbrook Ward. This 10-bedded, mixed gender unit provides a robust care pathway that is unique in the South West of the UK.

In the initial days of your stay here your mental and physical health is the most important factor for us all. You will be seen by a therapist as soon as the nursing team feel you are well enough.

The therapists will explain the programme to you, will give you a 'patient pack' and agree a start time with you. When you first come into group you will only need to do so as an observer.

We understand that it can be a frightening prospect but you will be welcomed into group and be able to progress at your own pace.

Group therapy

Engaging with others through group therapy, as part of addiction treatment, is empowering and promotes self-learning. Sessions and workshops include:

- + Relapse prevention

- + Self-esteem

- + Motivations and repercussions

- + Managing emotions

- + Integration with 12-Step Fellowship meetings

One-to-one therapy

One-to-one therapy is available on request; patients may request individual sessions themselves or therapists may recognise the need for additional sessions.

Family involvement

Loved ones are invited to attend family group sessions, held one afternoon each week. We believe involving families and significant others in your recovery is fundamental for long-term recovery, and is often a platform on which to begin to rebuild family relationships, which often break down as a result of addictive behaviour patterns.

Aftercare

Aftercare is available for 12 months upon completion of a programme (this can be extended beyond 12 months if you feel it beneficial to continue).

An environment suited to healing and recovery

We believe that the environment in which you are treated is just as important as the treatment itself. The hospital provides:

- + Private bedrooms with en-suite facilities
- + Peaceful living areas to encourage relaxing leisure time
- + Beautifully landscaped gardens offering tranquillity to relax and unwind
- + A restaurant with bespoke menus to suit your dietary requirements
- + Very easy access from the M32, local train station and the city centre
- + Access to local community amenities

94%

of acute and addictions patients were satisfied with the overall quality of care

Information for GPs and healthcare professionals

We offer simple and secure processes for referring into Priory, including:

1. Our online form via **www.priorygroup.com/gp-referral**
2. Emailing securely to **priory.referral@nhs.net**
3. Calling **0808 291 2297**

Practices are also able to make referrals to Priory through their own systems including EMIS Web and SystmOne. Your regional Priory Placement Specialist can support with any queries, including integrating your practice systems.

Referral process overview

1. Choose your preferred referral process – please include the patient’s contact details, along with information on circumstances and medical history
2. A unique reference number is generated for each enquiry
3. Our 24/7 support team will co-ordinate the referral with the most appropriate Priory location, who will contact the patient and check appointment availability with the most appropriate Priory specialist

We are an approved provider for all of the UK’s leading private medical insurers, meaning that patients may be able to access treatment through their policy. We also provide self-pay options for individuals and families, and corporate arrangements for businesses.
