

98%

of addiction patients said they were satisfied with the overall quality of care

Addiction treatment day care programme – Priory Hospital Altrincham

Re-launching in August 2021

We believe that anyone struggling with addiction deserves the best possible support to make a strong and lasting recovery, and we are dedicated to providing you with every resource that you need to tackle your condition, within a safe and highly compassionate environment.

About the programme

The day care programme will provide a robust care pathway from our inpatient addiction treatment programme (ATP), helping to improve your confidence, strengthen your recovery and support you in the transition from hospital to home life.

The day care programme will provide:

- + Therapeutic workshops
- + Relapse prevention techniques
- + Bespoke assignments to develop learning
- + Individualised cares

Enquiries and further information

For more information about the addiction treatment day care programme, please contact **Claire Rimmer**, our lead addictions therapist, or **Celia Harris**, our deputy lead addictions therapist. You can call directly on **0161 904 5617/5618** or email us at **atpaltrincham@priorygroup.com**
