## Patient profile

We work with the country's leading consultant psychiatrists, clinical psychologists and therapists who cover every aspect of psychiatry, including addiction (outpatient only), anxiety, stress, depression, eating disorders (outpatient only), trauma, sleep disorders, obsessive compulsive disorder (OCD) and phobias. Our programmes include:

- + Inpatient, day care and outpatient programmes for adults experiencing mental health difficulties
- + Outpatient programme for addictions

## Specialist team

The specialist team at Priory Hospital Ticehurst House includes renowned and published experts in their field:

- + **Dr Humphrey Needham-Bennett (Medical Director)** - general adult psychiatry and addiction
- + **Dr Anne Perry** - general adult psychiatry and addiction
- + **Dr Kate Worsdall** - general adult psychiatry, addiction and postnatal depression
- + **Dr Paul McLaren** - general adult psychiatry, addiction and post-traumatic stress disorder (PTSD)
- + **Dr Chrisvan Koen** - self-harm, personality disorders and eating disorders

## Funding

Priory offers personalised and accessibly-priced treatment packages for individuals who are looking to self-pay for treatment.

We are also an approved provider for all of the UK's leading private medical insurers. While we would prefer to receive a GP referral when a patient enters our services, this isn't always essential. For those using private medical insurance, your provider may require you to have a GP referral before treatment can commence. Please liaise directly with your insurer to confirm.

**I have been seeing Dr Anne Perry for a few years now. She is a large part of the reason I am still here today; she has talked me through a lot of angst and helped me more than I thought possible. I am proud of how far I have come, and although I know I have a way to go in believing in myself, Dr Perry has given me the confidence to carry on.**
