- + Optional companion app for loved ones
- + Ongoing expert support, at your side

**Cost:** Available free with selected Priory programmes, or £979 for a 3-month plan.

Speak to your Priory therapist for more information.

# RECOVERY 360

## Your digital support companion to empower recovery

Recovery 360 is a digital care and support system designed to empower you on your sobriety journey. Combining an evidence-based recovery app and a digital breathalyser, it delivers personalised, therapeutic interventions, real-time insights, and structured support exactly when you need it most.

An optional companion app keeps loved ones involved in your journey, whilst a professional clinical dashboard ensures ongoing monitoring, with guidance and timely interventions from Priory experts, when required.
